

Rust Stain Remover

A high performance rust stain remover for interior & exterior use. Removes stains in 15 minutes. Non-acidic formulation particularly suited for delicate applications such as polished marble, removing stains by acting directly onto the surface. Ideal for all types of polished and unpolished natural and artificial stone including marble, granite, travertine, split face stone cladding, sandstone, concrete, terracotta ceramic and porcelain.

Coverage

	1 LTR	5 LTR	25 LTR
Surface cleaning	10 M ² /bottle	N/A	N/A
Deep stripping	5 M ² /bottle	N/A	N/A
Extreme cases	3 M ² /bottle	N/A	N/A

Technical Features

- Non hazardous
- High performance
- Low drip formula
- Gentle removal
- Easy to use
- Fast acting
- Walls & floors
- Interior & exterior

Directions for use

MANUAL APPLICATION: FLOORS

1 Dilute solution 1:1 with cool water and fill a light pressure sprayer.

2 Apply to the surface and leave for 5-10 minutes. Work in manageable areas at a time.

3 Scrub surfaces with a rotary scrubber to release cement & salt residues.

4 Extract the released residues. Repeat steps 2, 3 & 4 until surfaces are clean.

5 Rinse well with water. Allow surfaces to dry before allowing traffic or sealing.

FURTHER INFORMATION

EQUIPMENT REQUIRED: Black emulsifying pad, paint brush, paint kettle, rinsing water, sponge and absorbant towels (for spillage control).

Ensure that any sensitive surfaces not to be cleaned are properly covered and protected before beginning. Ensure that gloves, eye protection and suitable water proof clothing are worn at all times. Ensure that gloves and eye protection and suitable water proof clothing are worn at all times. Treated surfaces will innitally turn purple. This will stop when all of the rust stain has been removed. Rinse well with plenty of water.
